About

For the technical education systems in our country, we have a society aiming at national profit-making Society and is well known as “The Indian Society for Technical Education (ISTE)”. It emphasizes on career development of teachers and personality development off students and overall development of our technical education system

The major objective of the ISTE are:

- providing characteristic training initiative to mentors and administrators from various technical foundation to upgrade their knowledge and skills in their fields of pursuit.
- to help out and contribute in the making and evolvement of top-quality professional engineers and technicians needed by the industry and other institutions
- guiding and training to students to a better pathway through personality development and learning skills.

Event name

1)Skill development program on PLM Windchill software{25sept21}

2) skill development program on data science and AI robotics {23oct21}

3)Web mates{24oct21}

1)Skill development program on PLM Windchill software{25sept21}:

The event on PLM and PLM windchill software was one of the first event of IST community 2021 which was a grand success with the huge participation of students. In this event all the parameters regarding PLM cycle were cleared by our expert Mr. Dipak Kate

2) Skill development program on data science and AI robotics {23oct21}:

This program was initiated to build interest in data science and AI robotics, which was conducted by ISTE and the speaker for the day was Ms. Ekta Chugwani. This session was very interactive and all the doubts

regarding the upcoming technologies were answered by our intellectual experts. This event was one of the major events of ISTE.

3) Web mates{24oct21}:

Web mates was a basic introductory web development event which was conducted by ISTE and the core committee members were Mr. Mitesh Sakalkar and Mr. Prasad Javadekar. This event was aiming to develop the mindset to build websites in a much simple way. This event was conducted successfully with a huge number of participation and ended with the short quiz and a challenge.
